Could you tell me how far out the frame goes on this mirror? Thanks!

Hi Renae,

The mirror accents stick out 3" on each end. Please let me know if you have any other questions.

Thank you,

Carolina Leyva

Hi Renae,

The mirror rectangle itself is 24" X 42" . Once the 3" on all four sides are included the outer dimensions become 30" X 48".

Thank you,

Carolina Leyva
